Berrywater Hears PFRA Supervisor

(Contributed)

A meeting of the Berrywater local of the FUA and FWUA was held at Reid Hill hall on Wednesday evening, March 24 with about 60 present. At the conclusion of a short business session, a chorus from Reid Hill school accompanied on the piano by Mrs. Mae Todd sang several songs, the girls taking part being Misses Louise Lundgren, Linda McKay, Leona Booth, Loreen and Donna Crabb and Norleen Bowie. Leona Booth also recited.

The chairman Lee Richardson, then called on the speaker of the evening, Mr. Rogan, supervisor of the PFRA from Fort Macleod and C. L. Oldfield of Berrywater, representative of the Vulcan and Milo districts on the board of the Cooperative Implements. Mr. Rogan dealt with water conservation, dealing with dams and dugouts, pointing out that the federal government will survey the same and assist with the financial cost of dams and dugouts and that an inquiry at the Macleod office will receive immediate attention.

He pointed out the great advantages of conserving the run-off for stock watering and also small irrigation projects, especially as the change from a wet cycle to a dry is bound to happen in the not too distant future.

Mr. Oldfield dealt with the convention of the Cooperative Implements which he attended recently at Saskatoon, mentioning the very interesting historical museum of implements and means of transportation sponsored by the government of Saskatchewan at Saskatoon. He also mentioned that in an investigation held into the cost of farm machinery, it was found that the manufacturing costs were not too exorbitant, but that the main item which caused the high prices was the cost of distribution and selling. The farmers had had the remedy in his own hands, he knew what he wanted to buy and could go to the Coop depot and state his needs without having to support a big selling staff.

Mrs. Olive Douglass, Vice-president of District 12, mentioned that Miss Norma Adams of Reid Hill had been chosen as the representative of District 12 in the Junior FUA Queen contest. 25 votes can be obtained for Miss Adams by buying a 25-cent ticket.

Mr. Steiner of Arrowwood Junior FUA had been selected as one of the representatives of the Junior FUA to visit various farms in Scotland as the guest of the Young Scottish Farmers Club, reciprocating a visit of two representatives from Scotland who visited Alberta last summer as guests of the Junior FUA.

Mr. and Mrs. Milt Ward will report on the convention of the Canadian Federation of Agriculture held at London, Ontario. The next meeting will be held at the home of Mr. and Mrs. Wilson Oldfield in Vulcan at 2 p.m. on April 28.

County Council Names Committees For 1954

The Vulcan County Council was sworn into office on Saturday, April 3rd, 1954, at its first meeting held after a general election. Andrew McAlister, newly elected Councillor for Division Six, and Clarence W. Green, newly elected Councillor for Division 10, as well as the three former Councillors, Donald B. Smith, Ivan Haga and Marshall Willard who were elected by acclamation, were sworn into office. Mr. McAlister drew a term of three years and Mr. Green's term of office will be for two years.

Carlson Named Chairman
Bruce Alder, Returning Officer, called the meeting to order at 10:00 o'clock in the forenoon, and after swearing in the Council, conducted the election for Chairman. J. E. Carlson was unanimously elected Chairman for the ensuing year, which will be Mr. Carlson's fourth term as Chairman of the County Council. Jack Deitz was elected Deputy-Chairman, a position he has held since the inception of the County in 1951. D. D. McQueen was re-appointed Secretary-Treasurer, and Williams and Tanner, Chartered Accountants of Lethbridge, received the appointment as Auditor to the County.

S. W. Manning, Manager of the Treasury Branch, Vulcan, was granted an interview with the Council. Mr. Manning offered the banking services of the Treasury Branch to the County at a slightly reduced interest rate on short term borrowings. After considering this matter for some time later on in the meeting, the Council passed a motion to transfer its banking business from the Bank of Commerce to the Treasury Branch, Vulcan, effective immediately.

To Vote On By-law

The Secretary read a petition signed by some 300 proprietary electors of the County of Vulcan petitioning the Council to submit by-law No. 60 to a vote of the proprietary electors before its third reading. By-law No. 60 is the by-law which would authorize the County to enter into an agreement with the Department of Agriculture and the Vulcan Seed Cleaning Association to make a grant of up to \$15,000.00. The Council decided to hold a vote as required on Saturday, May 8th, 1954, and that the County be considered to be one polling division in order that one voters' list would serve for each poll, and also to make it more convenient for ratepayers to cast their ballots. Bruce Alder was appointed Returning Officer, and it was decided to have polls in eighteen locations in the County. Lists of the polling places and other details of the vote on the by-law will be advertised at a later date.

School Committee

In accordance with the County Act, the following School Committee was appointed: J. M. McKay, Chairman, who has headed the Committee since the County was formed in 1951, Mr. McAlister, newly elected Councillor from Division Six, Donald B. Smith, Division Five, and C. W. Green, newly elected Councillor from Division Ten. Also appointed to the School Committee were Guy E. Voisey,

representing the Town of Vulcan, Glen Racher, representing the Villages of Champion and Carmanagay, and Walter Jorgenson, representing the Villages of Milo and Arrowwood. The newly appointed School Committee will hold its first meeting on Monday, April 12th, at 10:00 o'clock in the forenoon.

Municipal Committee

C. W. Loos was again appointed Chairman of the Municipal Committee, along with Jack Deitz, Allan McLean, Ivan Haga and Donald A. McNiven. Since the County Council has been enlarged to eleven members, it is now possible to have as many as five members on the municipal committee. The Municipal Committee will meet on Wednesday, April 14th.

Hospital Boards

Jack Deitz was appointed to the Hospital Board of the Bassano Municipal Hospital District, Clarence W. Green appointed to the High River Municipal Hospital Board, Messrs Carlson and McLean were appointed to the Little Bow Municipal Hospital Board and Mr. Carlson, Mr. Smith, Mr. Loos and Mr. McAlister were appointed to the Vulcan Municipal Hospital Board, in accordance with the provisions of the County Act and Municipal Hospitals Act.

The Councillors re-appointed the previous Agricultural Service Board: Donald B. Smith, chairman, M. Willard, representing the County Council; Hugh Michaels, representing the Department of Agriculture, and C. Ross Walker and K. R. Miller representing the farmers of the community.

Donald B. Smith and Ivan Haga were appointed from the County Council to act on the Board of Directors of the Vulcan Seed Cleaning Association Ltd. The Councillors decided to continue the Vulcan Advocate contract which provides for sending The Vulcan Advocate to all ratepayers of the district. It was noted that there would be an increase in the number of Advocates which would be forwarded, owing to the new areas which have been added to the County.

A motion was passed to continue subscribing to the Municipal Nurse Contract at Lomond.

Donald McNiven was appointed from the County Council to Act on the Foothills Full Time Health Unit Board. Councillors also set up committees to negotiate with the Foothills School Division, the former Municipal District of Highwood, the Taber School Division, and Special Areas in settling the division of assets and liabilities made necessary by inclusion of some of their land into the County.

New Assessment

Councillors adjourned their meeting until Monday, April 5th, at which time they met with Gilbert L. King, an official of the Assessment Branch of the Department of Municipal Affairs, and J. J. Miller, who has been engaged by the Council to make a complete new assessment of the County this year, to be used for taxation purposes in the year 1955. Mr. King explained to the Councillors the manner in which the Department

The World Service Day offering was also received.

The following officers were then elected: President, Mrs. D. Schierman; Vice-president, Mrs. C. Budd; Secretary, Mrs. P. Wildeman; WS Treasurer, Mrs. N. Lebsack and L.A. Treasurer, Mrs. A. Schierman. Lebsack; Social Relations, Mrs. H. Hilz; Missionary Education, Mrs. A. Schneider.

Roll call was answered with a scripture verse, by nine members present, and one new member was welcomed.

The regular business was then discussed and the treasury reports were given. It was also decided that the money left in the Korea fund be sent to Barley for Korea.

The next meeting is to be at the home of Mrs. A. Kaiser.

Lunch was served by the hostess assisted by two of the ladies, to bring the busy evening to a close.

Civil Defence Shows First Aid Station In Action

Over 200 workers in the County of Vulcan Civil Defence Unit took part Sunday in an exercise designed to show how casualty collecting units and a first aid station would operate in time of disaster. Believed to be the first exercise of its kind to be held in Canada, the demonstration was directed by W. A. Shields, Civil Defence Controller for the County of Vulcan area; Dr. A. D. Tompkins, medical director for the local CD unit, and J. L. Findlay, chief first aid instructor. Dr. A. Somerville, deputy provincial minister of health, and Dr. W. Bramley-Moore, provincial chairman of the CD advisory committee, represented the provincial authorities and the exercise was also attended by over 400 interested residents of the Vulcan area.

Three Casualty Collecting Posts were set up, one at Red Cross school to serve Brant, Arrowwood and Milo; one at Champion serving Champion and Carmanagay, and one at Vulcan. At these collecting centres, "casualties" were given immediate first aid and then rushed to the central first aid station set

up in the auditorium of the Vulcan high school. School vans served as ambulances with RCMP and Vulcan police acting as ambulance escorts. Radio and field telephone communications were supplied and operated by members of "A" Company, Calgary Highlanders, to co-ordinate the movement of ambulances to the first aid station.

The large auditorium was divided off to show the various sections of a first aid station, with reception, treatment, holding and evacuation areas, and supply, communication and transportation sections. Local factors and nurses participated in the scheme and with civil defence workers filling the jobs of transport, communication and welfare officers, clerks and stretcher-bearers, succeeded in making the scene realistic. "Patients" were treated for all basic injuries, with workers giving transfusions and applying bandages, burn dressings and splints.

A demonstration of how casualties were treated at the casualty collecting stations was given with first aid teams from Milo, Brant, Vulcan, Arrowwood, Champion and Carmanagay administering initial treatment. The injuries suffered by the six patients in this demonstration were very realistic, the simulated wound having been prepared by twelve members of the St. John's Ambulance Society from Calgary.

A first aid station, such as was set up in Vulcan for this exercise, is geared to handle 1,000 patients every 24 hours and to keep at least 200 patients within its walls. Under emergency conditions, personnel for such a station would consist of four medical officers, three dental officers, six nurses, 60 nurses' aides, three transport officers, six clerks and 50 stretcher-bearers.

School Costs Show Increase

Vulcan County Tax Rate Unchanged At 50 Mills

The Vulcan County tax rate will remain the same in 1954 at it was in 1953. The overall rate in the County is 50 mills, with the exception of the area of the Little Bow Municipal Hospital District which has an additional levy of 5 mills to provide the Municipal Doctor services.

County Councillors, at their meeting on Saturday, April 3rd, passed the 1954 budget in every possible way to maintain the present tax rate. Although the school costs have advanced 2 mills in 1954, councillors felt that they would reduce the Municipal rate by 2 mills to maintain the same overall rate. The following is a synopsis of the budget figures:

Revenue:	
Rents	\$ 3,500.00
Interest, Penalties, etc.	7,250.00
Service Charges	5,000.00
Grants & Subsidies (Includes Public Works and School Grants)	290,000.00
Miscellaneous School Revenue	2,000.00
School Requisitions from Town and Villages	70,369.17
Total	\$378,119.17
Balance Required from taxation	642,600.00
Total	\$1,020,719.17
Expenditures:	
General Government and Administration	\$ 48,000.00
Protections to Persons and Property including Seed Cleaning, Assn., Pests and Weeds, Service Board	26,500.00
Public Works (exclusive of capital and debenture payments)	240,000.00
Health (including Hospital Reqn.)	66,000.00
Social and Welfare	4,500.00
Interest and Debt charges including debenture payments	71,000.00
Capital Expenditures from Revenue	77,000.00
Discounts and Misc.	23,500.00
Surplus	219.17
Total	\$1,020,719.17

It was pointed out that the 1954 estimates provided ample funds for the carrying on of the activities of the Council, and provides for the \$15,000.00 grant to the Seed Cleaning Association if it is authorized by the vote of the electors. The increased cost of operating the Schools from \$373,000.00 in 1953 to \$464,000.00 in 1954, is due to the fact that the County has eleven more classrooms to operate than formerly. Expenditures have been curtailed in the Public Works Department from \$363,000.00 in 1953, to the estimated amount of \$240,000.00 in 1954, which is a decrease of some 50%. Councillors were of the opinion that the public works program should be reduced by the curtailment of the amount of new road construction. It was felt that the Public Works Committee would concentrate on a more complete program of road maintenance, that is, installing culverts where necessary and repairing bad places, trimming a number of roads and graveling.

The councillors continued the policy of the 5% discount for payment of taxes on or before June 30th, 1954.

Alberta Speaker's Length of Service Canadian Record

By DONALD F. SMITH
(Special to The Advocate)

EDMONTON — The Speaker of the Alberta legislature is in little danger of losing his head, although that seemed to be the fate of a number of Speakers in the British Parliament of the 14th and 15th Centuries.

The origin of the position, held in the Alberta assembly by Hon.

Peter Dawson, Social Credit member for the constituency of Little Bow, goes back so far in parliamentary history that it is unknown. The first record of a Speaker in the British House was in the middle of the 14th Century. His main function at that time was to report to the Crown the deliberations of Parliament.

That is still one of the formal functions of the Speaker in Canadian legislatures today. The main one, though, is keeping order in the House and keeping the business of the House moving, while at the same time seeing that every elected representative has a proper opportunity to make his views known.

Mr. Dawson's arrival in the assembly chamber each day is preceded by the entrance of the sergeant-at-arms, bearing the mace, the symbol of authority. "Order, order," calls the sergeant and Mr. Speaker, attired in black robe and three-corner black hat, walks to the Speaker's chair, placed on a dais at the centre-front of the assembly. He opens the daily sitting by reading the prayer, which comes easily to Mr. Dawson, who has been a United Church clergyman at Champion since October, 1930.

The duties of the Speaker come easily to Mr. Dawson today, because he has had 18 years of experience in performing them. Last Friday was the first time he did not attend a sitting of the legislature since being first elected Speaker. His absence was due to a funeral, which he attended in his home constituency.

One of that group of Social Crediters first elected to the legislature in 1935, Mr. Dawson was

Coyote Hunt At High River

"Since November on the Bar U we've shot or poisoned 63 coyotes," says Allen Baker, "and for every one we kill, seven new ones attend the funeral."

On Sunday, April 11, local and district hunters may assist in alleviating the coyote situation which exists in the country. The first organized coyote hunt of the foothill area has been planned. The area to be covered (but don't tell the coyotes) promises plenty of action and entails only a three mile walk. In one section of this area 19 coyotes were seen at a time.

Hunters will gather at the Bar U Ranch buildings between 12 noon and 12:30 on Sunday, April 11 under the captaincy of Eric Hutchinson of Okotoks, a veteran in this type of pest control. The Fosh area is the scene of action.

Shotguns alone will be used—no rifles allowed. Men will be placed in a large ring and at zero hour, indicated by a smoke signal, the circle will close in at rate of half a mile in 20 minutes. Packed up in the centre there should be some action for the hunters for this is the natural haunt of the coyote and bait has already been placed to gather the clan of destroyers. Each section, or team, will be under the leadership of captains experienced in coyote hunts.

Sid Earp of the C.B.C. Television staff will be on hand with camera to record this event and if the cries of the critters that echo through the nights is any indication, Mr. Earp will have an unusual Western show for the easterners who view television.

All are welcome and following the hunt coffee will be served at the Fosh hall.

Calgary Choir To Present Cantata

A forty voice choir, directed by R. E. Gonyea of the Tuxedo Church of Christ in Calgary, will present an Easter Cantata, "Victory Divine," in the Vulcan church of Christ Wednesday night, April 14th at 8 p.m.

The choir presenting this Cantata arranged by J. Christopher Marks is composed of talent from both the Tuxedo Park Church and the Parkhill Church of Christ in a combined effort. It is presented in Vulcan as a return feature from the Christmas Cantata presented by the Vulcan choir in Calgary last Christmas.

Mr. Gonyea, the director of the choir, was a former Vulcan resident and is well known throughout the district.

elected Speaker in 1937 to succeed N. E. Tanner, who had been elevated to the cabinet. After each subsequent election the Little Bow representative was returned to the Speaker's chair and now holds the record for length of service of a Speaker in a Canadian legislature. Mr. Dawson says his most difficult situations arise from the troubles a new member, not knowing the House rules, can get into. As bad, if not worse, he adds, is trying to contend with some of the veteran members who have only a smattering of knowledge of the rules.

Mental agility is one of the prime requisites of the Speaker, who never knows from one minute to the next what kind of a situation will develop in heated debates and what sort of ruling he will be called on to make.

In addition to his work when the assembly is actually sitting, Mr. Dawson is brought individual problems by various members and helps them decide how they can bring matters before the House in the form of questions or motions on the daily Order Paper.

Because he is not allowed to take part in debates in the legislature, one may wonder how he can be a good representative of his constituency and place his riding's problems before the legislature.

As a member of the government party, Mr. Dawson is present at Social Credit caucuses. They are meetings of the legislative members of the Social Credit party and he can take part in discussions and debates there on legislation and questions which will be introduced later in the House. Like other members, he also can go directly to the various cabinet ministers, telling them of troubles in his constituency and improvements required in various government services.

Proposed Recreation Area Needed

Voting on the bylaw to authorize the Town to purchase 91.5 acres of land on the west side of town to serve as a sports and recreation area will take place next Wednesday, April 14, at the Town Office, from 10 a.m. to 7 p.m.

The need for such a recreation area is very apparent since the former sports grounds and golf course site was opened for building. The new school and several new residences have already been erected on the former recreation grounds and we understand that this area will also be in the site of the new overhead water tower to be erected this summer.

The Elks lodge has already undertaken to construct a new baseball park on the projected site west of town and the area is sufficiently large to permit the laying-out of a well planned golf course and, if desired, of tennis courts and other community recreational facilities.

The land will cost the town \$9,150, but about \$4,000 of this amount should be recovered from the sale of the 40 acres south of town originally bought as a recreation area and now deemed unsuitable. The investment, therefore, will not be too great and certainly the time has come to look to the future sports and recreation needs of the town as well as the needs of the immediate present.

A straight majority is needed for approval of the bylaw which is being presented to the ratepayers on April 14. A vote will also be taken at the same time on a bylaw to authorize the town council to dispose of the 40 acres now held for recreation purposes.

Approval of these bylaws will benefit the town and the whole district. We urge ratepayers to call at the new town office next Wednesday and mark their ballots in favor of both bylaws.

Champion

Many friends and neighbors gathered in the Community Hall on Friday, April 2 to pay their last respects to a pioneer farmer of the Champion district, Peter Holm, who passed away in his 70th year at the Vulcan hospital. Mr. Holm was born in Sweden and migrated to this country when still a young man. After spending several years in Fernie, B.C. he homesteaded in the Champion district in 1905. He retired from farming in 1945 and resided at Kuskonook, B. C. for two years, and then returned to make his home in Champion. He was a very active member of the Champion Curling Club, Champion Masonic Lodge and the Cleverly Old Timers Association. He leaves to mourn his wife, Edna, one son (Theodore); two daughters, Mrs. Jack Sanderson of Champion and Mrs. Art Hall of Stavely, and six grandchildren. Pallbearers were George Depue, Ernie Nowlin, Fred Gottenberg, Fred Smith, Eli Hopkins and Ken Alder. Brother Masons formed a guard of honor. Interment was in the family plot in the Champion Cemetery and arrangements were in charge of Snodgrass Funeral home.

Mrs. Fred Steeves of Hoadley was a recent visitor at the homes of her daughters, Jeanette and Marjorie, and her parents, Mr. and Mrs. Archie Ruggles.

Congratulations are extended to Mr. and Mrs. Edward Hartung on the birth of a daughter, Bonnie Juanita on April 2.

MILK

Milk rates high with athletes in training. It's an abundant and economical source of highly important food elements: protein that builds, sustains and repairs body tissues; calcium, the tooth and bone builder; Vitamin A; and thiamine for healthy nerves.

Eat protein foods for physical vigour

Sports College has made repeated tests on the value of protein for physically active people. We find that athletes getting adequate amounts of milk and other dairy foods 1) feel more like practicing 2) encounter fewer and briefer periods of staleness that slow down training 3) perform better in action.
